

## Sam Boyles

My name is Sam Boyles and I am a Second Year student studying a Bachelor of Science at UC, majoring in Computer Science. At the moment I hold a GPA of 6.67 (B+), earning multiple A grades also. After my first year of study was invited to join the Golden Key International Honors Society which recognizes the top 15% of students in their course.

At my high school, Christchurch Boys High, I was chosen as Vice-Captain of Deans House and attended multiple leadership conferences at Christ College.

Outside of university, I have many hobbies that keep me busy. In summer I play cricket for Old Boys Collegians, and in winter I play football for High School Old Boys. I also enjoy going to the gym. I play guitar and have been in a band since I was 14. Together as a band we competed in Smokefree Rockquest 3 times and won the Christchurch leg of Rockquest once, coming runner up the year before. I also played bass guitar for a high school funk band which travelled to Blenheim, and won Best Band at the Southern Jam music festival.

While studying I also work part time and currently have two jobs. One is at Fresh Choice in Merivale Mall, and the other is for Vbase who cater for large events around Christchurch.

## James Crichton

I have been living in a rental in Riccarton for the past year, but now have decided to move as it will be coming to the end of our lease and I'm wanting a change of location.

I am particularly interested in renting this property due to its proximity to university, and its nearby amenities. I have been attending the University of Canterbury for the past year and a half studying Civil Engineering and have two more years after this one. I am a hard worker and am very respectful of others. I enjoy socializing but prefer staying in a place of peace. In my spare time I enjoy physical activities such as going to the gym, running, biking, and fishing.

## Tim Bolton

Next year will be my first year of flatting, I am wanting to move out of home to gain my complete independence and improve on some skills such as personal organisation and self management as I hold these values in very high regard and will think it will help me further myself as a well rounded person.

Being a senior member of the CBHS 1st 15 and a prefect at school, I believe I already uphold these qualities but am wanting to further improve in these areas while having good times with my friends. Before I got injured, I was playing 7's rugby for Canterbury, proving I am very capable of managing, organising and taking care of myself well in order to get to this level.

Sincerely, Tim Bolton

## Charlie Barker

Hi I'm Charlie Barker I am currently in my second year at UC doing a Bachelor of science (Biology) and a Bachelor of commerce (management/entrepreneurship). I have a GPA of 5.08(B) and want to pursue a career in genetics or marine biology.

In my spare time I play a lot of squash. Last year I placed 7th at junior nationals and played for the Canterbury junior men's team where we placed 2nd. This year I am continuing to play squash at national level. I recently placed 4th at south islands and was named reserve for the Canterbury men's senior team. I also work part time as a squash coach where I currently coach 8 junior and senior players.

When I'm not playing squash other hobbies of mine include hunting, spearfishing and socializing with mates.
